

**DONOR-ADVISED FUND**

# Short-term Portfolio

## Fund Fact Sheet: May 2023

**DESCRIPTION**

The short-term portfolio is an internal portfolio available for funds held in Donor-advised Funds. This portfolio has the lowest risk and provides the greatest liquidity of the available options. It is suitable for funds that will only be invested for a short time before being distributed to an approved charity.

**LIQUIDITY**

Money can be withdrawn from the portfolio at the end of every calendar month (to switch to another portfolio or to make a grant to an approved charity). Notice of a withdrawal must be given at least seven days before month-end.

**INVESTMENT STRATEGY AND MANDATE**

The portfolio invests in cash, money market collective investment schemes and income collective investment schemes.

**FUND DETAILS**

Inception Date: 1 March 2016  
 Portfolio Fee: 0.25% per annum

**TOP HOLDINGS**

Abax Diversified Income Fund  
 Cash

**IMPORTANT INFORMATION**

This is an Internal Portfolio that is only available for funds that have been donated to Tree of Life. It is not available to the public. It is available for funds held in a Donor-advised Fund to be invested until grants/distributions are made to approved charities.
